

Eyes to the ground! We share this world with so many incredible creatures – what amazing animals are using this path with you?

Listen for music in nature! Each time you spot a musical note stand still and listen for one minute.

What sounds can you hear?

Be kind to other living things

Eyes to the sky! Can you spot a constellation?

Sketch your own star pattern here...

Reducing light pollution creating dark skies helps us see more stars

Eyes to the sky! Can you spot what type of trees are here?

Trees are experts at capturing Carbon – great in the fight against climate change

Ant Trail Activity Trail

Please leave the trail as you find it and remember to take any recycling or litter home.

Trail takes approx. 45 minutes.

<https://www.devonwildlifetrust.org/nature-reserves/chudleigh-knighton-heath>

Trail will be out from 15th July until 1st September

Eyes to the ground! We share this world with so many incredible creatures – what amazing animals are using this path with you?

Painted stones

Listen for music in nature!
Each time you spot a musical note stand still and listen for one minute.

What sounds can you hear?

Musical notes

Be kind to other living things

Eyes to the sky! Can you spot a constellation?

Sketch your own star pattern here...

Stick stars hanging in tree

Reducing light pollution creating dark skies helps us see more stars

Eyes to the sky! Can you spot what type of trees are here?

Tree names hanging in trees
